

Thanks to Kids Helping Kids and People of Mayo

by Liesel Briggs

Thank you so much to the Kids Helping Kids Club in Mayo school - kids and teachers and community helpers - all of you - for your phenomenal organization of the spaghetti dinner and all your fundraising events this past school year. It is your commitment to the Linh Son Children's Home that will make such a difference to these children. You really are to be commended for

your fundraising skills.

Often people feel that fund raising is the unimportant task for a volunteer project. The job that is looked down on. But really, without people - such as you - who go out with their heads high believing in what they're doing and asking people to help them fulfill their commitment, many, many things in this world could not get done. So, thank you to all of you. Now, my task will be to fill your shoes and do the best job I can. My departure will be in October of this year.

Asia, Dustin, StiKia, Kwasen, and Jared show change collected on the Kids Helping Kids coin drive.

Jared visits Mr. Girard's house during the coin drive.

Jazmine signs a soccer ball at the Kids Helping Kids spaghetti dinner.
